PROFESSIONAL EXPERIENCE

AI/ML Intern — Infosys Springboard

Aug 2025 – Oct 2025

- Developed an **AI-powered Emotion Recognition System** using Python and TensorFlow, integrating machine learning models with a React.js frontend through REST APIs.
- Built frontend components for an **Emotion-Based Music Recommendation Platform**, implementing **API integration**, state management, and dynamic user interactions.
- Achieved **85% model accuracy** while delivering a seamless end-to-end user experience.

Technical Intern — Roomzy

Jun 2024 – Sep 2024

- Developed **5+ reusable** React.js components and converted **10+ Figma designs** into **responsive**, production-ready user interfaces.
- Improved cross-device compatibility and user experience by optimizing **layouts, responsiveness, and frontend performance**.
- Collaborated with the development team to implement **modern UI/UX practices** and maintain **code quality standards**.

PROJECTS

StaySphere — Full Stack Travel Booking Platform · [GitHub](#)

- Developed a full-stack travel accommodation platform enabling users to browse listings, view property details, create bookings, and manage travel stays through a responsive web interface.
- Implemented secure user authentication and authorization using Passport.js, enabling protected routes, user sessions, personalized accounts, and listing management functionalities.
- Designed RESTful APIs, integrated MongoDB Atlas for data storage and Cloudinary for image management, and developed server-rendered dynamic pages using EJS templates for a seamless user experience.

Expense Tracker — Node.js | Express.js | MongoDB | Chart.js · [GitHub](#)

- Developed a full-stack expense tracking application that enables users to manage income, expenses, and financial records through an intuitive dashboard.
- Implemented secure user authentication and CRUD operations for transaction management and data organization
- Built RESTful APIs, integrated MongoDB, and designed interactive visualizations to provide users with insights into their spending patterns and financial activities

EDUCATION

Institute of Engineering and Science, IPS Academy — Indore

Nov 2023 – Expected May 2027

B.Tech in Computer Science and Information Technology · CGPA: 9.21 / 10 (till 5th sem)

· Class XII (CBSE): 83.4% · Class X (CBSE): 91.2%

ACHIEVEMENTS & LEADERSHIP

- Hacktoberfest 2024 — **Open-source contributor**
- Smart India Hackathon (2024, 2025) — Participant
- Participated in Myntra TrendHack, Vultr Cloud Innovate, and Amazon Smbhav Hackathon
- Solved 300+ Data Structures & Algorithms problems on LeetCode and GeeksforGeeks
